

E-cotherm

Instantaneous Electric Water Heater

Second Generation E-cotherm is a high quality compact Instantaneous Hot Water System able to provide a constant supply of hot water up to 6lt/minute. The E-cotherm incorporates Patented Heating Technology, has an A-Rated European Energy Consumption grading and complies to International IEC 60335-1, IEC 60335-2-35, EN 60335-1 and EN 60335-2-35 Standards

- Economy Type
- Built in pressure relief valve
- Thumbwheel Dial Temperature Control up to 55 Deg C
- Requires 6mm Copper cable to DB Board with 40 Amp Circuit Breaker
- ABS splash proof casing
- Patented Heating Element
- Immediate hot water, no waiting period
- Safety protection: protection against dry heating & overheating - ELCB test device to prevent electric leakage
- Flow switch as safety device; Automatic malfunction checking

Power	7 kW
Voltage	220-240 V
Frequency	50/60 Hz
Min Water Flow	2.0 L/min
Max Water Flow	6.0 L/min
Rated Water Pressure	0 MPa
Water Proof	IPX4
Body Size	245*100*365mm

E-cotherm

Optional Extras

Flow Control Valve

Chrome Shower Head

Chrome Shower Hose

Chrome Shower Rail
